

2024 USAS-R Calendar Year End Checklist

The following checklist outlines the steps needed when closing out USAS-R for the month, quarter, and calendar year-end. For more detail, please see the USAS-R Calendar Year End PowerPoint. Corresponding slide numbers are listed for reference.

To have NOACSC print your 1099's, notify us by January 10th, 2025!

Pre-Closing Procedures

The following pre-closing procedures can be completed any time prior to closing the calendar year.

_____ 1. Review Vendors that qualify to receive 1099s and verify their relevant 1099 information. (Slides 11 – 30)

- Use the Vendors grid to query Vendors with 1099 Types and qualifying YTD Taxable Total.
 - In the Vendors grid, add the 'Type 1099', 'Tax ID Type', 'ID #' and 'YTD Taxable Total' columns to the grid. Under 'Type 1099' filter by <> **non 1099** to query all 1099 vendors. You can then use the YTD Total to filter on amounts (i.e. >=600). You can also save your filtered grid by using the 'REPORT' button.

- Review the Tax ID Type and Id# (SSN or EIN) for all 1099 vendors to make sure they are correct and identified.
 - If Vendors do not have a Tax ID Type or Id#, update the vendor record to include this information.

- Use the Vendors grid to review Vendors that have a qualifying YTD Taxable Total that are not marked to receive a 1099.
 - In the Vendors grid, add the 'Type 1099', 'Tax ID Type', 'ID #' and 'YTD Taxable Total' columns to the grid. Under 'Type 1099' filter by **non 1099** to query all non 1099 vendors. You can then use the YTD Total to filter on amounts (i.e. >=600). You can also save your filtered grid by using the 'REPORT' button.
 - NOTE: Districts with many vendors may receive an error for Excessive query when using the Vendor Grid. In this case, the information can be reviewed by pulling a partially filtered grid to a Report with the type of Excel-Data (enter filters that do not receive the error) and then filtering on the remaining columns in the spreadsheet.
 - If Vendors are marked as "Non 1099" but should be receiving a 1099, update the Vendor's Type 1099 field, Tax ID Type, and Tax ID # and verify the Name and Address marked as the 1099 Location.

2024 USAS-R Calendar Year End Checklist

- Review Vendor's Locations. Run the SSDT 1099 Vendor Report to check 1099 data to ensure 1099 names, 1099 Vendor Location addresses, ID # and amounts are correct. By default, the report includes all 1099 types. You can include all 1099 types regardless of YTD amounts or those meeting the IRS requirement. You may also run the report for specified 1099 Types (i.e. royalty payments)
- The Vendor Name and Address used for 1099 reporting is based on the Vendor Location with the 1099 check box marked on the Vendor record. To update the 1099 address, modify the location or change the 1099 check mark to use a different location address.

_____ 2. Enter Vendor Adjustments to correct YTD Taxable Total amounts if needed.
(Slides 29-30)

- If needed, enter Vendor Adjustments to correct YTD Taxable Total amounts on the vendor record. These vendor adjustments may be needed in cases where you have a Prior Year voided check, Royalties to add, or to combine to like vendors set up individually in error.
- If the YTD Taxable Total needs to be updated for a vendor, the Vendor Adjustments option can be found by clicking the View icon  on the Vendor. The amount can be entered as positive or negative to increase or decrease the totals. **Make sure the 'Taxable' check box is marked to update the YTD Taxable Total.** Unchecking the 'Taxable' box, will only update the YTD total.

For more information see the [Vendor Adjustments section](#) on the Vendors page.

Month-End Closing (Slides 31-34)

_____ 3. Enter all transactions for the current month.

_____ 4. Reconcile USAS records with your bank(s)

- Perform [bank reconciliation procedure](#) (This is the SSDT's procedure. You may use your own monthly reconciling procedures but do not close the month yet.)
- Under the Periodic menu, select 'Cash Reconciliation' to enter your cash reconciliation information for the month.
- **DO NOT CLOSE THE MONTH YET**

_____ 5. Generate the '**SSDT Cash Summary**' report and the '**SSDT Financial Detail Report**'.

- The Financial Detail Report may be run for the month only to compare MTD totals to the Cash Summary Report.

2024 USAS-R Calendar Year End Checklist

- Compare the totals from reports... they should be identical.

_____ 6. If all above steps are performed and totals all agree, you are in balance and may proceed with the next step.

_____ 7. *Optional Step:* Run a '**Spending Plan Summary**' report.

_____ 8. Generate any month-end reports desired not listed below.

- The Monthly Reports Archive is available under Utilities>File Archive and will automatically run when the Posting Period is closed. This bundle includes 27 SSDDT Template reports. A list of included reports can be found [here](#).

import/create a Purchase Order. (i.e. Worker's Comp or insurance costs) (Slide 36-37)

_____ 10. The **IRS Form 1099 Submission Configuration** must be completed under the System>Configuration menu. It should include your TCC code and your contact info. It should look similar to below with a TCC code which is a 5-character code.

The screenshot shows a web form for configuring 1099 submissions. At the top, there is a checked checkbox labeled "District Will Submit 1099 File To IRS". Below this is a text input field for "Transmitter Control Code". A section header "Contact Information" is followed by three text input fields: "Contact's Name" (Brenda Core), "Contact's Phone" (4192287417), and "Contact's Email" (brenda@noacsc.org). Another section header "Job Parameters" is followed by three checkboxes: "Truncate EIN/TIN" (unchecked), "Exclude Vendors With No Tax Id?" (checked), and "Approved for the combined Federal/State Filing Program?" (checked). At the bottom, there are two text input fields for limits: "Amount Type Limit" (600.00) and "Royalty Type Limit" (10.00).

_____ 11. Under Periodic, run the 1099 Extracts program to generate the 1099 Extract Options. Copies of the output files generated will be sent to the File Archive > Calendar Year Reports Archive (Slides 42-50)

NOTE: Run 1099 extract twice, once for output file **Printer/Sealer Copies** (not XML as in prior years) and once for output file type **IRS Format**
